# HERE SATURDAY

On Saturday afternoon at 2 o'clock Gould Academy's 1942 baseball team will open with Gorham. N. H., High as opponent. The local boys got outdoors for the first time Wednesday when they played an intra-squad practice session.

The team this year has many new faces in the starting lineup. Berry, Robertson, and Coolidge are infield veterans and Amato in the outfield played last year. The others, including the battery, are all green material. Not too much can be expected of the team under the circumstances. They however are showing great interest and may develop into a first rate outfit. Coach Myers is again the helm, assisted by Howie Chivers.

Coach Myers announces the following lineup for Saturday: Young, Coolidge, Robertson, and Berry around the horn and Adams, Morton, and Amato in the outfield. Wright is scheduled to start behind the bat and McInnis is slated for the opening assignment on the mound.

The visitors will come with a strong team as Gorham is a real always by a classy club. Gorham has the advantage over the locals that they have a veteran flinger

## YOUR CAR MOST out of It

#### MORE TIPS ON DRIVING

Your car was built to "take it." Even so, it thrives best on kind treatment. Tests indicate the following driving techniques prolong the useful life of a car:

Don't give the engine more gas than it can digest, Don't accelerate too rapidly,

Frequently, the only result of an extra burst of speed is extra pressure on the brakes a moment later.

stop to think if the time saved will be worth the extra wear on tires and motor, the extra cost of gas and the increased chance Slow down before entering a curve. Then accelerate, but

Don't drive fast unless you're really in a hurry—and even then

not too much. Your tires don't have to "squeal" to be unhappy on a curve, Slow down on rough roads. Your springs may be able to

take it, but your tires can't. Don't stage a climbing test on every hill. Your gears are

there for a purpose,

Don't coast downhill. It's poor economy. The cost of wear on brake linings is likely to exceed greatly the amount saved in gasoline.

..... THURSDAY, APRIL 23, 1942 MONDAY REGISTRATION

CARL L. BROWN, Publisher

INCLUDES ONLY NINE SIMPLE QUESTIONS

Only nine simple questions will be asked those men beyond the military ages who register on April 27, for classification as to their skills and aptitudes for war production activities, Gen. James W. Hanson, State Director of Selective Service for Maine, emphasized today.

Every male citizen of the United States, and every other male person residing in Continental United States, or in the Territories of Alaska and Hawaii, or in Puerto Rico, other than persons specifically exempted by law, born on or after April 28, 1877, and on or bafore Feb. 16, 1897, who have not heretofore been registered under the Act, must register.

Director Hanson pointed out that those who register on April 27 are not liable for military service under be Selective Training and Service Act of 1940, as amended. They will be required later to fill out un occupational questionnaire concerning their civilian qualificathe Canteen training course. Mrs. only.

W" en registered, each registrant must answer, according to Director Harron, the following nine questions: (1) Name of Registrant; (2) Place or Pesidence; (3) Mailing Address (if other than Place of Residence); (4) Telephone; (5) Age in Years and Date of Birth (6) Place of Birth; (7) Name and Address of Person who will always Mr. and Mrs. Chester Briggs of know your Address; (8) Employer's Groveton, N. H., have moved into Name and Address, and (9) Place

After a registrant has answered all quest on and algred his name Mr. and Mrs. Wallace Clark have to the regi ration card, he will closed their home and gone to be given a regio ration certificate sion of the registrant at all times Director Hancon warned, Failure to possess the certificate, or to show it to authorized persons, concittutes a violation of Scientive Service Regulations and is considered prima facie evidence of failure to register, Director Hanson said.

#### PETROLEUM AND PRODUCTS MADE UP ONE THIRD OF ALL U. S. WATERBORNE TRANSPORTATION

One-third of all foreign and do mestic waterbourne trade of the United States in 1940 was crude petroleum and petroleum products. a report of the Board of Engineers for Rivers and Harbors reveals.

Total chipments of all products by water to and from, and within the United States, amounted to 607,900,000 tons, of which petroleum accounted for 200,677 000 tons, the report shows. The greatest movement of petroleum was in constwise shipments which 'etal-d 114,640,000 tons or three-fourths of the total 150,929 000 tons of all products. Sixty-five per cent of all crude oil, 55 per cent of the gasoline, and 50 per cent of the fuel and bunker oll, were shipped in the constwise trade.

Crude petroleum accounted for one-third of the total petroleum movement by water. The shipments of 67,113,000 tons, equivalent approximately to 475,000,000 barrels would indicate that more than onethird of all crude petroleum produced in 1940 was transported by water at some point in the movement from the well to the refin-

## Kidneys Must Work Well For You To Feel Well

E4 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

It more people were aware of how the kidneys must constantly remove surplus fluid, excess selds and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fall to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may auffer nagging backache, headaches, dissiness, rhoumatte pains, getting up at nights, swelling.

Why not try Dean's Fills? You will be using a medicine recommended the country over. Dean's stimulate the func-

War Bonds and Stamps

The Treasury said a campaign will be opened May 1 to secure voluntary pledges from all persons in the U.S. to purchase War Savings Bonds and Stamps with at least 10 percent of their incomes. The campaign will include the establishment of war savings committees in every county of the nation. It will attempt to double the monthly volume of bond and stamp purchases. The WPB said War Bond sales totaled almost \$5 will be given by Mrs. Minta Wilbillion as of April 1.

Civilian Supply The WPB ordered production of Truth, which proceedeth from the medium and heavy trucks for civilian use discontinued after existing quotas have been completed. The Board froze all stocks of new plumbing and heating equipment, with the exception of retail sales Services Sunday morning at of \$5 or less and orders bearing a preference rating of A-10 or high-

er. The Board also prohibited manufacture of oil burners and coal stokers for residential use. Christ, Scientist, on Sunday, April Amounts of shellac used in the manufacture of phonograph records were restricted to 30 percent of 1941 consumption.

Housing and Construction

National Housing Administrator Blandford said he will establish regional offices, tentatively set at 10, to shift more responsibility for planning the billion-dollar war housing program to the communities it will benefit. Responsibility for building of the projects will remain in Washington. The WPB reported military and other essential Lodge, No. 58, of Norway, under construction in 1942 will give the sing five numbers at the Locke industry its greatest program in record.
